

THIS IS A MESSAGE TO THE GENERAL PUBLIC

ALDI IS HURTING OUR COMMUNITY!

Aldi has just opened a new store at the Krewstown Shopping Center located at 9303 Krewstown Road in Northeast Philadelphia.

Prior to opening this new store, Aldi hired Fortunato Construction from Connecticut as their General Contractor to manage the extensive renovations for this new store.

Fortunato Construction engaged Wallworks Drywall Contractors as their carpentry sub-contractor for this project. Wallworks Drywall Contractors pays their employees less than the community wage and benefit standards that have been established in our community by the Metropolitan Regional Council of Carpenters through countless years of negotiating fair wage and benefit standards for their highly skilled tradesman and their families that live and shop in this community.

Is Aldi expecting to reap a huge profit at the expense of an underpaid workforce?

Your refusal to patronize Aldi will send a strong message to Aldi that unfair labor practices are unacceptable in our community!!

THANK YOU FOR YOUR SUPPORT
